Detalhamento técnico

Estrutura: madeira eucalipto e chapa de compensado proveniente de reflorestamento. Contorno externo da estrutura em chapa de Eucatex e MDF.

Assento: fixo, percinta italiana esticada com máquina (tensão uniforme), espuma BIO 30, envolvida com manta de espuma soft macia. Costuras com matelassê.

Almofada de encosto: fixa, com costuras rebatidas, em fibra siliconada acondicionada em saco de TNT bipartido.

Pés: fixos em madeira ou base giratória em alumínio.

Tecido: cortado com sistema americano CNC (alto padrão de qualidade e perfeição).
